

Student Policy

Once Upon A Time Nursery is aware that the nursery provides students with an ideal environment to further develop their child care knowledge. We also provide opportunities for students from the local comprehensive schools to complete work experience.

When students are welcomed into the nursery:

- The needs of all the children are paramount. Students will not be admitted in numbers.
- Students must be confirmed by their tutor as being part of a bone fide child care course.
- A DBS check will be required for all students with a placement of more than six weeks.
- Students will be given an induction to the nursery on their first day.
- Students will not be included in the adult/child ratios.
- No student will be left in an unsupervised position with any child.
- Students will be expected to have a level of commitment.
- Students will be expected to wear appropriate clothing.
- Any information gained by the students, about the children, families or other adults in the nursery must remain confidential.
- Students will be welcomed and supported by the nursery, in keeping with the Equal Opportunities Policy.
- Students will notify the Manager if they know or are related to any of the children attending. The Manager will then decide as to whether or not the student will be placed in a different room to that child.
